DIA Classification Review of NISs

✓ 1. (U) NIS 70, Section 38 (Revised), subject: Telecommunications, dated November 1968, pertaining to Mexico (Reference CRD/NIS 81-170):

a. (C) Lines 1 thru 10 of fourth paragraph, second column, page 3, beginning with "Telecom facilities..." and ending with lines 1 thru 3, first column, page 4, "...fails." remains classified.

b. (C) Section F, Comments on Principle Sources, page 15, all of which should remain classified as it indicates possible U.S. actions against Mexican facilities in any future crisis.

c. (U) All other portions not mentioned above may be declassified.

✓ 2. (U) NIS 39A, Section 62P (Revised), subject: Electric Power, dated September 1966, pertaining to Communist China may be declassified in its entirety (Reference CRD/NIS 82-205).

3. (U) NIS 33, Section 62P (Revised), subject: Electric Power, dated June 1967, pertaining to Iran may be declassified in its entirety (Reference CRD/NIS 81-1960).

✓ 4. (U) NIS 88, Section 21, subject: Military Geographic Regions, dated November 1964, pertaining to Peru (Reference CRD/NIS 81-1962):

a. (U) Figures 2A thru 11B should not be released due to the fact that the source of the photographs cannot be accurately determined, consequently raising the issue of possible copywrite violations. The text pertaining to each figure may be declassified.

b. (U) Figure 12B should remain classified since it portrays a possible U.S. military contingency or operational capability (amphibious landing area) for specific locations in Peru.

c. (U) The following paragraphs remain classified since they infer a specific type (airborne or amphibious) of U.S. operational capability in selected areas of Peru.

(1) (U) Last four lines of second paragraph, second column, page 1 beginning with "Only..." and ending on line 1, first column, page 2, with "... operations."

(2) (U) Lines 13 and 14 of first paragraph, first column, page 2, "The dense forest.....operations."
